

# 3i Consulting (P) Ltd.

## Simple Time Entry Interface

Our easy-to-use interface makes time tracking easy. Start entering time with just a few clicks, no training required.

## Management

Our web-based time sheet system can help you better manage your business. From managing multiple projects to reviewing employee performance.

## Mobile Time Entry

We have designed a special mobile edition of our product for professionals in market or on client site projects. It helps in tracking times and expenses in real-time.

## Integration

Time integrates team players to achieve time bound goals, and remind to accomplish task in predetermined time frame.

## Billable Time Entries

Our time entry interface allows you to precisely track time while staying on top of your costs.

## Professional Reports

Helps in creating performance reports. Use our suite of professional reporting to quickly and easily present your data.

## Time sheet Email Reminders

Helps you in sending hassle free reminding mails without collecting time sheets with just a few clicks.

## Customization

Customize accounts with corporate branding, logos on reports, custom terminology, and custom sign-in.
